

There are several places to park when visiting downtown Bremerton. The City owns and maintains three parking garages and several City lots in the downtown core.

Visitors arriving by ferry will depart the ferry terminal via the tunnel. The tunnel directs traffic to Park Avenue. From here, visitors may turn right to locate downtown parking. The map shows the locations of City owned parking garages and lots.

The City owned parking garages have safety features such as lighting, monitoring and patrolling.

On-Street Parking is free and limited to between 1 and 3 hours maximums. Maximum hours are posted on the street.

“No Repark” means one cannot park on a street and then move to another parking space on the same street in the same day.

“Disabled Parking 4 Hours Max” means if a vehicle displays a disabled parking placard or tags they can park up to 4 hours on-street regardless of the time limits posted.
